GHBA Honors Outstanding Members with Prestigious Annual Awards

Each annual award given by GHBA recognizes exceptional individuals who dedicate their time and efforts to promote the building industry through the opportunities in the Association. Each recipient has met many tough criteria in a very competitive industry to receive the following awards:

Builder of the Year

This award is given to one builder member each year who provides a quality product at a fair price and maintains a professional image throughout the community. In addition, this builder must have an outstanding reputation with customers as well as with industry peers.

Dave Presnell, founder and owner of Dave Presnell Builders, Inc., was the ideal choice for the 1993 GHBA Builder of the Year award. His undaunted commitment to customer service and professional approach with suppliers and

subcontractors have established him an outstanding reputation among his clients and his peers. Presnell has been a custom home builder for more than 15 years, and to date not one customer complaint has ever been filed with the Association.

In addition, Presnell has dedicated countless hours to GHBA. He was instrumental in establishing the North Houston Builders Association as one of their first presidents and has held chairman positions for the Membership Committee and the Consumer Affairs Committee. He is also TAB director responsible for representing builders on a state level and both he and his wife have been GHBA/Big 50 PAC Trustees for more than five years. He currently serves as vice president on the GHBA Board of Directors and has been a member of the Association for 12 years.

Presnell truly exemplifies all that this award was established to recognize.

The Harris B. Lieberman Distinguished Service Award

The Harris B. Lieberman Distinguished Service Award was presented to Andrew Choy with Lake Olympia Development Corp. This award is given to a developer member in recognition of continued outstanding service to the residential construction industry. It also recognizes that member for

striving to maintain and uphold an interest in GHBA and who has been instrumental in all areas of the Association through councils and projects.

Choy is currently president of Lake Olympia Development Corp. and has worked hard to develop the community into the quality neighborhood that it is today. Lake Olympia is home to more than 500 residents who enjoy the development's 130 acres of beautiful lakes and scenery.
